Updated: 2 October 2026

Education

University of Ljubljana

Digital Linguistics (MA), joint interdisciplinary master's programme 2022–expected 2026
Faculty of Arts, Faculty of Computer and Information Science, Faculty of Social Sciences

University of Zagreb

Erasmus+ exchange in Digital Linguistics (MA) 2024–2025
Faculty of Humanities and Social Sciences

University of Ljubljana, Faculty of Arts

German Studies (BA) 2017–2022
Thesis: *Die Coronapandemie im Spiegel sozialer Netzwerke. Eine diskurs- und medienlinguistische Untersuchung am Beispiel von Twitter*

Gimnazija Jesenice

General Matura 2013–2017

Professional Experience

Jožef Stefan Institute, Department for Artificial Intelligence - E3

Ljubljana Oct 2026–present
• Project support.

Centre for Language Resources and Technologies at the University of Ljubljana (CJVT UL)

Remote Jul 2022–present
• **Tool evaluation:** tested the accuracy of Stanza and Trankit against the SSJ and SST gold standard and analysed the errors; built and refined a bilingual interactive online evaluation table.
• **Work with language resources:** quality-reviewed and aligned the English version of a user survey; analysed and categorised resources in the CLARIN.SI repository, cleaning the metadata and checking it methodologically; prepared analyses and visualisations.
• **Web content:** helped with publishing on the CJVT website and with preparing material for its social media and newsletter; contributed to the *Besede meseca* (Words of the Month) project.
• **Other tasks:** validated datasets for Slovene language models, annotated and paraphrased multiword expressions, and prepared and adapted sentences for the SI-NLI dataset; helped organise the eLex conference.

University of Ljubljana, Faculty of Arts (FF)

Remote Jul 2023–Sep 2026
• **Universal Dependencies (UD) and treebanks:** annotated, validated and updated the Slovene SSJ and SST treebanks, and reviewed and corrected syntactic annotations in the Ambiga corpus. Worked to UD guidelines, including in the SPOT project; manually and systematically checked automatically generated morphosyntactic and syntactic annotations in CoNLL-U format.
• **Corpus-syntactic analysis:** analysed word order in written and spoken corpora using STARK and Python; verified syntactic complexity measures, compared STARK output with other approaches and tools, and updated the STARK documentation.
• **Research support:** contributed to research on co-constructions and backchannels in spoken Slovene and in multilingual treebanks; reproduced and configured STARK analyses for a comparison of human-written and AI-generated texts; prepared, verified and harmonised corpus data and metadata, including for GOS, SST and Šolar.
• **Other project support:** annotated conceptual metaphors in Slovene online comments and provided logistical and organisational support for SyntaxFest 2025.

4see (PredictLeads)

Remote

Apr 2025–Jun 2025

- Entered, classified and quality-checked structured data on technology products in Google Sheets; contributed to improvements in internal workflows and tools in Google Apps Script.

Institute of Contemporary History

Remote

Feb 2025–Mar 2025

- Identified and annotated rhetorical persuasion techniques in Slovenian parliamentary speeches.

University of Ljubljana, Faculty of Computer and Information Science (FRI)

Remote

Mar 2023–Jun 2024

- Reviewed and validated automatic speech-recognition transcriptions for the speech-technology project *Online Notes*, with a focus on dialectal Slovene and the pronunciation of loanwords.
- Validated data and performed quality control for the adaptation of large language models for Slovene.

University of Ljubljana, Faculty of Social Sciences (FDV)

Remote

Jan 2024–Mar 2024

- Developed introductory statistics assignments in R and supported work on the textbook *Odprta učna gradiva z uporabo odprtih raziskovalnih podatkov* [Open Educational Materials Using Open Research Data].

University of Strathclyde

Remote

Feb 2023–Apr 2023

- Validated *EU-in-Action* project data by categorising parliamentary speeches by policy area and sphere (EU vs. domestic).

Awards and Scholarships

Best Student Paper Award, JT-DH 2026

Awarded by the Slovenian Language Technologies Society for the paper *A Community in Formation: Corpus Construction and Initial Analysis of Slovene Posts on Bluesky*.

Sep 2026

Kelemina Prize

Departmental prize for an outstanding final thesis in German Studies (FF).

Apr 2024

Zois Scholarship

2013

Research and Technical Skills

Language data and NLP: Universal Dependencies (UD), CoNLL-U, corpus analysis, evaluation of NLP tools and models, STARK, CLASSLA-Stanza/Stanza.

Programming and data: Python and R for research and data analysis; Git.

Web and documentation: basic HTML/CSS/JavaScript, WordPress, LaTeX, Markdown.

Languages

Slovene	native
English	fluent
German	fluent
Croatian	good
Dutch	basic
Swedish	basic

Additional Activities

EUSALP Youth Council

Slovenian representative in the Youth Council of the EU Strategy for the Alpine Region (EUSALP); helped draft joint positions and contributed to the Council's other work. 2025–present

Student and university representation

Member of the Student Council of FRI and other FRI bodies and committees; previously held student-representative roles at FF, including in the Student Organisation of the Faculty of Arts (ŠOFF). 2018–2026

University of Ljubljana enhancement-led visits

Listed in the UL register of advisory group members; took part in enhancement-led visits and helped draft improvement proposals and reports. May 2026
