## Education

---

**University of Ljubljana** 2022–expected 2026

Faculty of Arts, Faculty of Computer and Information Science, Faculty of Social Sciences

Digital Linguistics (MA), joint interdisciplinary master's programme

**University of Zagreb** 2024–2025

Faculty of Humanities and Social Sciences

Erasmus+ exchange in Digital Linguistics (MA)

**University of Ljubljana, Faculty of Arts** 2017–2022

German Studies (BA)

Thesis: *Die Coronapandemie im Spiegel sozialer Netzwerke. Eine diskurs- und medienlinguistische Untersuchung am Beispiel von Twitter*

**Gimnazija Jesenice** 2013–2017

General matura exam

## Professional Experience

---

**University of Ljubljana, Faculty of Arts** Jul 2023–present

*Remote*

- **UD and treebanks:** annotated, validated and updated the Slovenian SSJ and SST treebanks, and reviewed and corrected syntactic annotations in the Ambiga corpus. Worked to Universal Dependencies (UD) guidelines, including in the SPOT project; manually checked automatically generated morphosyntactic and syntactic annotations in CoNLL-U format, validating them systematically and correcting errors.
- **Corpus-syntactic analysis:** analysed word order in written and spoken corpora using STARK and Python; verified syntactic complexity measures, compared STARK output with other approaches and tools, and updated the STARK documentation.
- **Research support:** contributed to research on co-constructions and backchannels in spoken Slovenian and in multilingual treebanks; reproduced and configured STARK analyses for a comparison of human-written and AI-generated texts; prepared, verified and harmonised corpus data and metadata, including for GOS, SST and Šolar.
- **Other project support:** annotated conceptual metaphors in Slovenian online comments and provided logistical and organisational support for SyntaxFest 2025.

**Centre for Language Resources and Technologies (CJVT), University of Ljubljana** Jul 2022–present

*Remote*

- **Tool evaluation:** tested the accuracy of Stanza and Trankit against SSJ and SST gold data and analysed the errors; built and refined a bilingual interactive online evaluation table.
- **Work with language resources:** reviewed and aligned the English version of a user survey; analysed and categorised resources in the CLARIN.SI repository, cleaning the metadata and checking it methodologically; prepared analyses and visualisations.
- **Web content:** helped publish content on the CJVT website and prepare material for its social media and newsletter; contributed to the *Besede meseca* (Words of the Month) project.
- **Other tasks:** validated datasets for Slovenian language models, annotated and paraphrased multiword expressions, and prepared and adapted sentences for the SI-NLI dataset; helped organise the eLex conference.

**4see (PredictLeads)**

Apr 2025–Jun 2025

*Remote*

- Entered, classified and quality-checked structured data on technology products in Google Sheets; contributed to improvements in internal workflows and tools in Google Apps Script.

**Institute of Contemporary History**

Feb 2025–Mar 2025

*Remote*

- Identified and annotated rhetorical persuasion techniques in Slovenian parliamentary speeches.

**University of Ljubljana, Faculty of Computer and Information Science**

Mar 2023–Jun 2024

*Remote*

- Reviewed and validated automatic speech-recognition transcriptions for the speech-technology project *Online Notes*, with a focus on dialectal Slovenian and the pronunciation of loanwords.
- Validated data and performed quality control for the adaptation of large language models to Slovenian.

**University of Ljubljana, Faculty of Social Sciences**

Jan 2024–Mar 2024

*Remote*

- Developed introductory statistics assignments in R and supported work on the textbook *Open Educational Materials Using Open Research Data*.

**University of Strathclyde**

Feb 2023–Apr 2023

*Remote*

- Validated *EU-in-Action* project data by categorising parliamentary speeches by policy area and sphere (EU vs. domestic).

**Research and Technical Skills**

---

*Language data and NLP:* Universal Dependencies (UD), CoNLL-U, corpus analysis, annotation and validation of language data, evaluation of NLP tools and models, STARK, CLASSLA-Stanza/Stanza, CLARIN.SI. *Programming and data:* practical use of Python and R in research and data tasks; working knowledge of Git/GitHub/Gitea, Linux and the command line, and Google Apps Script. *Web and documentation:* Word-Press, basic HTML/CSS/JavaScript, LaTeX, Markdown.

**Awards and Scholarships**

---

**Best Student Paper Award, JT-DH 2026**

Sep 2026

Awarded by the Slovenian Language Technologies Society for the paper *A Community in Formation: Corpus Construction and Initial Analysis of Slovene Posts on Bluesky*.

**Kelemina Prize**

Apr 2024

Departmental prize for an outstanding final thesis in German Studies (Faculty of Arts, University of Ljubljana).

**Zois Scholarship**

2013

## Publications and Conference Contributions

## Languages

---

|           |        |
|-----------|--------|
| Slovenian | native |
| English   | fluent |
| German    | fluent |
| Croatian  | good   |
| Dutch     | basic  |
| Swedish   | basic  |

## Additional Activities

---

### EUSALP Youth Council

Slovenian representative in the Youth Council of the EU Strategy for the Alpine Region (EUSALP); helped draft joint positions and contributed to the Council's other work. 2025–present

### Student and university representation

Current member of the Student Council of FRI and of other FRI bodies and committees; previously student representative at the Faculty of Arts and in ŠOFF bodies. 2018–present

### University of Ljubljana enhancement-led visits

Listed in the UL register of advisory group members; took part in enhancement-led visits and helped draft improvement proposals and reports. May 2026
